

CV

**NORDEFECO Disarmament,
Demobilisation and Reintegration
Planning Course (DDR P)**

Concept and purpose:

DDR Planning prepares the participants to effectively take part in the planning and preparation phase of a present or future DDR program. The course program is based on the United Nations Integrated Disarmament, Demobilisation and Reintegration Standards (IDDRS), as well as practitioners' best practices.

Learning objectives:

At course completion, the students will be able to:

- Formulate appropriate DDR programs taking into account complex political, economic and social contexts.
- Conduct or commission assessments in support of DDR programs.
- Estimate operational requirements, human, logistical and financial, for DDR programs to be implemented efficiently and effectively.
- Design integrated, gender-responsive DDR frameworks, strategies and programs that contribute to security and respond to the needs of ex-combatants, associated groups, families and receiving communities.

Student criteria:

Students will be:

- Military and civilian personnel working in or deploying to DDR missions and programs. This will include DDR planning officers, military and police officers, staff of national DDR commission or relevant ministries, NGOs and civil society organizations.
- Participants should have professional experience and knowledge on DDR.
- Rank level: Major (P3/OF3) – Colonel (P5/OF5), or equivalent police/civilian level.

Course language:

English:

- The students must have proficient oral and written knowledge in English language (NATO STANAG 6001/3-2-3-2, or equivalent).
- No translation service is available.

Course date:

19th – 25th April 2015.
